A Riyadh

L Abdelhakeem Helmy

Abdelhakeem is a highly accomplished Contracts Manager with 15 years of experience leading large-scale construction projects in Saudi Arabia. He brings recognized expertise in contract and commercial management, supported by prestigious credentials including MCIOB, MCIArb, RICS, PMP, RMP, SP, P3O, and CICCM.

He has a proven track record in managing variations, claims (cost and time), extensions of time (EOT), dispute resolution, and change control, ensuring projects remain commercially viable and contractually compliant. Skilled in contractual drafting, negotiation, and administration, Abdelhakeem excels at mitigating risks, driving cost estimation, and delivering accurate reporting and controls. His ability to integrate engineering insight with commercial strategy consistently strengthens project outcomes and stakeholder confidence.

Currently an RICS APC Candidate preparing for his final interview, Abdelhakeem demonstrates a strong commitment to continuous professional growth and applying international best practices in contract and commercial management.
